

RING SIZES

INSTRUCTIONS

Please choose a ring that fits the finger to be sized and make sure it has approximately the same width as the one you would like to purchase. Then follow our simple instruction below to determine your correct ring size:

Place your ring over the circles on the chart. Make sure you match the inside of the ring to the nearest in size. If in doubt, we suggest you opt for a slightly larger size. Half sizes are determined if your ring size falls between two of the circles.

To ensure you have printed to right scale, the ruler shown below should measure 7cm:
